

Spring Mountain Capital Leads \$8 Million Series B Financing in Prevalent

Spring Mountain Capital Leads Latest Growth Equity Financing Round to Accelerate Company Growth and Product Innovation

WARREN, NJ (January 11, 2016) -- Prevalent, Inc. ("Prevalent" or the "Company"), a leader in vendor risk management and cyber threat intelligence analytics, today announced it has raised \$8 million in a Series B financing led by Spring Mountain Capital, with participation from existing investor Fulcrum Equity. With the new investment, Jamie Weston, a Managing Director in Spring Mountain Capital's Private Equity Group, will join Prevalent's Board of Directors.

Prevalent is a leader in third-party risk management and continuous threat intelligence monitoring, providing solutions that companies use to monitor and assess the IT risks posed by their vendors and third parties. Prevalent's software solutions allow companies to more efficiently manage the vendor assessment process and gain more objective, contextualized, and real-time information on their vendors. Gartner has recently named Prevalent a Visionary for IT vendor risk management. The equity financing round will accelerate Prevalent's commercialization efforts and help bring the Company's market-leading software products to a broader audience.

"Prevalent is leading the innovation in this high-growth security sector," said Jonathan Dambrot, CEO of Prevalent. "We are excited to partner with Spring Mountain Capital, and this latest round of funding will further enable us to accelerate our innovation and market leadership."

"Prevalent has experienced tremendous growth and has established itself as a leader in the IT vendor risk management sector," said Jamie Weston. "Prevalent's management team are thought leaders in this industry and we are thrilled to work with them to help make Prevalent the de facto standard in IT vendor risk management."

About Spring Mountain Capital

Founded in 2001 and located in New York City, Spring Mountain Capital, LP (“SMC”) is a private investment management firm that focuses on alternative asset investing. SMC’s Private Equity Group provides expansion stage capital to lower middle market companies that are capitalizing on breakthrough innovations, paradigm shifts, or fundamental market or behavioral changes. The Private Equity Group at SMC focuses on two sectors of the U.S. economy with the most change and highest growth potential: technology-enabled and healthcare businesses. Within these high growth areas, it seeks to make value investments by capitalizing on market dislocations, information asymmetry, illiquidity, and complexity.
